## INTERNATIONAL PRELIMINARY REPORT ON PATENTABILITY

International application No.

PCT/JP03/13327

**Box No. V** Reasoned statement under Article 35(2) with regard to novelty, inventive step or industrial applicability; citations and explanations supporting such statement

## 1. Statement

Novelty (N)	Claims	1-14	YES
	Claims		NO
Inventive step (IS)	Claims	1-14	YES
	Claims		NO
Industrial applicability (IA)	Claims	1-14	YES
	Claims		NO

## 2. Citations and explanations (Rule 70.7)

None of the documents cited in the ISR describes "a means for the knowledge structured based on the said meaning relationships ... to produce new information by predetermined induction" or "information is produced ... in the case where partial agreement has been reached as a result of the said collation" respectively stated in claim 1. These constitutions are not considered to be obvious to a person skilled in the art either. So, the subject matter of claim 1 appears to be novel and to involve an inventive step.

None of the documents cited in the ISR describes "a knowledge increasing step or "an information producing step" respectively stated in claim 2. These constitutions are not considered to be obvious to a person skilled in the art either. So, the subject matters of claims 2-4 appear to be novel and to involve an inventive step.

None of the documents cited in the ISR describes "the state is changed into a processing undergoing state or a non-conforming state ... as a preliminary action," "in response to the said question, the cell computers having no meaning relationship reply to the said central management computer that they are in the non-conforming state, and the cell computers respectively having any meaning relationship only reply their answers to the said central management computer," or "the said central management computer keeps questioning the cell computers in the said processing undergoing state only, produces new information ..., and delivers ... as an answer." These constitutions are not considered to be obvious to a person skilled in the art either. So, the subject matters of claims 5-14 appear to be novel and to involve an inventive step.
